PHASE II CONSTRUCTION IN PROGRESS!

By Robert C. Poitras '94, Beta of DKE, Inc. President

Now that summer is upon us, we are pleased to report that the house came through the first year in outstanding shape! Only routine maintenance and cleaning was needed when the undergraduates left. This provided a smooth transition for us to start the second phase of renovations to the house. This phase will connect the main level to the basement on the Carolina Inn side, otherwise known as the Courtyard. As you can see in the picture below, they have dug quite a large hole in order to accomplish this addition. We have again chosen The Resolute Building Company for this renovation and are pleased with their progress to this point. Howard Brubaker '56 and I will oversee this project and any questions or comments can be directed to one of us. Estimated completion time is late summer.
